ZulaFly means an Advantage.

Are you looking to give your staff an extra edge at the table? ZulaFly is committed to providing your team with safety, security and efficiency at each shift. In a world that never shuts down, ZulaFly keeps your staff moving at the pace it needs to make your operation seamless. No longer will staff be stuck trying to recall room codes or waiting minute-by-minute for assistance at the table. With the simple press of a button, employees have instant access to approved rooms or can alert co-workers of duress. A bustling floor is always exciting, but when your business thrives, sometimes valuable assets or equipment gets lost in the shuffle. ZulaFly allows you to tag and track what's most important to you. Additionally, real-time reports and custom dashboards help you see everything just the way you want it. Soon you'll be watching productivity increase and inventory replacement costs dissolve, which converts to extra cash.

That's the ZulaFly Advantage.
