# ZULAFLY

## ZulaFly means Safety.

The lifeblood of any great business is its people. ZulaFly has built its system to ensure each of your critical team members is comfortably focused on the job and distraction is minimized. ZulaFly allows staff members to easily alert of duress situations with the push of a button. Take efficiency to new heights with the tagging and locating feature, allowing staff members to quickly find valuable equipment or easy-to-lose tools keeping them from roaming around the facility. Are you in a round-the-clock business where the work never shuts down? ZulaFly keeps your staff moving at the pace it needs to make your operation seamless from day to day.

**Security for your Team.**

**Let us be  
your fly on  
the wall.**
