Enterprise Solutions

Save Money with Affordable RTLS Solutions for Critical Access Hospitals

Critical Access Hospitals (CAH) have the same needs for RTLS as larger healthcare systems.

ZulaFly provides a seamless and affordable RTLS security and communications solutions package designed exclusively for Critical Access Hospitals.

Our CAH solution package starts with a smaller volume of RTLS hardware to fit smaller hospitals and integrates with our software suite which includes:

- Real-time historical reports
- Real-time search & find
- Low battery report for tags
- List & map dashboard

MAXIMIZE YOUR CMS REIMBURSEMENTS

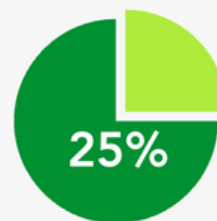

Real-time location data and reporting can drive higher revenue and reimbursements through improved workflows, reporting and analysis. RTLS set-up and implementation is easier and more affordable than ever, with our unique program.
